Profile Summary

Full Stack Engineer with expertise in Java/Spring Boot and React/Angular development. Proven experience building scalable web applications with secure authentication (JWT), containerized deployment (Docker), and CI/CD pipelines. Strong background in both frontend (React, Angular) and backend (Spring Boot, Node.js) development with a passion for solving complex problems through technology. Contributor to open-source projects with demonstrated ability to deliver full-stack solutions.

Technical Skills

- **Languages:** Java, JavaScript, TypeScript, Python, Dart, SQL
- **Frontend:** React, Angular, Bootstrap, Tailwind CSS, JavaFX
- **Backend:** Spring Boot, Spring Security, Node.js, Express, Flask
- **Databases:** MySQL, PostgreSQL, MongoDB
- **DevOps:** Docker, AWS, CI/CD Pipelines, Git, Maven
- **Other:** REST APIs, JWT, Socket.io, OOP, Agile Methodologies

Professional Experience

IJSE Trainee Software Engineer Sep 2024 – Present

- Developed enterprise-level software using Java, Spring Boot, and JavaFX, focusing on scalable and maintainable architecture.
- Created dynamic and user-friendly interfaces with React and Angular, enhancing usability across web platforms.
- Integrated databases such as MySQL and PostgreSQL for efficient data management and ensured data integrity.
- Implemented RESTful APIs with secure JWT authentication, supporting modular and secure service communication.
- Used Docker, Git, and Maven to automate builds, manage containers, and ensure version control in a team environment.

GPV Lanka Intern Jan 2023 – Jul 2023

- Supported robotic soldering process automation to enhance production efficiency and quality.
- Developed a Kaizen improvement tracking system to streamline continuous improvement efforts.
- Applied Lean Manufacturing principles and assisted in material analysis and cross-functional team coordination.

Project Experience

1. ChatLy MERN Online Chat App Sep 2024 – Feb 2025

- Built a full-stack real-time chat application using Node.js, Express, MongoDB, and Socket.io.
- Integrated JWT-based authentication for secure user access and protected API routes.
- Developed a responsive and user-friendly front end using React with Chakra UI.
- Containerized the application using Docker for consistent deployment and scalability.
- [Source Code on GitHub](#)

2. Hotel Management System Full Stack Web Application Mar 2025 – Present (ongoing)

- Developed a hotel and restaurant management system using Spring Boot 3, Spring Security 6, Angular 16, Bootstrap and MySQL.
- Implemented JWT-based secure authentication and authorization for both admin and customer modules.
- Admin module features: manage rooms, update/delete/view menus, handle reservation requests.
- Customer module features: browse rooms, place and track reservations, view reservation history.
- Organized with separate Angular modules and routing for admin and customer flows.
- [Source Code on GitHub](#)

3. SkyDesk Remote Desktop Application (Team Project) Dec 2024 – Feb 2025

- Developed a remote desktop app with real-time screen sharing, file transfer, and video calls.
- Used OOP principles to create modular, maintainable components.
- Employed JavaFX for UI, Maven for management, and custom socket protocols for secure client-server data transfer.
- [Source Code on GitHub](#)

4. Machine Learning-Based Pb Replacement for Perovskite Solar Cells Aug 2023 – Jul 2024

- Trained ML models (Random Forest, SVM, Gradient Boosting) for bandgap prediction.
- Developed a web app using Flask and React for user interaction.
- Achieved a prediction accuracy of over 78% for perovskite bandgap values.
- [Live Demo](#) [Source Code on GitHub](#)

Education

BSc (Hons) Engineering, University of Moratuwa Jan 2020 – Jul 2024

Second Class Upper Division (GPA: 3.55)

G.C.E. Advanced Level, Kegalle Vidyalaya, Kegalle Jul 2015 – Aug 2018

3A's in Physical Science Stream (IR: 476 DR: 18)

Extra-Curricular Activities

- **Volunteer, LEO Club – University of Moratuwa**
- Participated in the *Kalagana Project* in Matara – supported local livelihoods by releasing a cow.
- Contributed to organizing Children's Day activities at Pinnawala Zoo.
- Engaged in community service by cleaning the Pinnawala elephant viewing platform.
- **Head Prefect**, Kg/Ekiriyaigala Vidyalaya – Led student body and coordinated school events.
- **Organizer**, Blood Donation Campaigns – Successfully organized and promoted health awareness drives.
- Active member of the **University Buddhist Society** and school-level **sports teams**.
- Represented school in **Karate, Cricket, and Volleyball** at Kg/Ekiriyaigala Vidyalaya.
